## OVERVIEW

Mt. Calvary Lutheran Preschool has been developing preschoolers for kindergarten since 1971. Mt. Calvary's curriculum is rich in STEM (Science, Technology, Engineering & Math), hand on activities to encourage exploration, discovery, and creativity.

We began, and continue to be, a vital part of the ministry of Mt. Calvary Lutheran Church. If you do not have a church home, we would like to invite you to consider Mt. Calvary. Please contact the church office or our pastor for more information. Our contact information is listed on the front page of this document.

## OUR OBJECTIVES

- ◆ To introduce the child to school life and make this adjustment a happy one through a variety of enjoyable learning experiences.
  - ◆ To make Jesus a part of your child's life so that he/she can understand that "Jesus truly loves the little ones."
  - ◆ To help develop a health self-image as a redeemed child of God.
  - ◆ To help your child be courteous.
  - ◆ To help your child learn to follow simple directions.
  - ◆ To help your child develop skills through "hands on" activities.
  - ◆ To provide opportunities for the development of large and small muscles.
  - ◆ To provide opportunities for the development of creativity, language skills, math and science skills, and an awareness of the world around us.
  - ◆ To encourage and develop your child's eagerness to learn.
  - ◆ To teach your child to speak to God in prayer.
  - ◆ To help your child manifest some degree of self-control and self-discipline.
  - ◆ To help your child act and think for himself/herself.
-
